RESUME OF ACTIVITIES

Washington and Lee started off its debating season with a most interesting and far-reaching discussion with a team representing Scotland, on the subject, "Resolved, that, in the interest of society, severe punishment is the best method for reducing crime." The Scottish team was composed of a representative from the University of Edinburg and the University of Glasgow. T. W. Davenport and W. K. Jennings upheld the affirmative side of the question for Washington and Lee in a most creditable manner.

This year, for the first time, an Interfraternity Debating Contest was held in which only freshmen were allowed to enter. A handsome loving cup was awarded to the winning team, composed of V. V. Harris and Fred Hamilton, of the Sigma Nu Fraternity.

In the Oratorical Contest, Washington and Lee won the Virginia State Contest, represented by W. K. Jennings who spoke on the subject of "Causes and Their Champions." This was the third consecutive year that W. and L. has won this contest.

In the National Contest, W. W. Venable won the state contest and received second place in the district contest in Asheville, N. C. Of six oratorical contests in Virginia in the past three years, Washington and Lee has won five first places and one second place.

The debate schedule has included debates with: Georgetown University, Gettysburg College, University of Oklahoma, Western State Teachers' College of Michigan, University of Florida, University of Tennessee, and the Western Reserve University.

The Theme

In this volume of THE CALYX we have tried to give you a picture of Washington and Lee today, and at the same time, by means of our theme, we also try to call your attention to Washington and Lee of the past.

It has been our effort to draw for you the parallel between the lives of the two men who gave our University its name, showing them first in their early training, in war, in peace, and finally as Presidents, performing their duties in each in such a way that their names have lived on, and will live on forever.

Thus, we hope that we have given you some idea of the glories of the past and the present, and may we add our hope for a still more glorious future.

Our college friendships soon must sever,
And fade as does the dying day,
Our closest bonds must all be broken,
As through this world we wend our way.
But yet—whatever be life's fortunes,
Though friendships fail and friends be few,
We'll love thee still, our Alma Mater,
Our dear old W. and L. U.

Che End

GETTING ON IN THE WORLD

The problem of "getting on in the world" becomes a tremendously important issue when college days are over.

It does not seem possible to exaggerate the opportunity presented by the profession of Life Insurance to the young man who is willing to prepare himself, work hard, and operate systematically.

This company has many favorable openings and invites inquiries from college men.

JAMES T. DISNEY, President

"KYROCK The Uniform PAVEMENT"

The real cost of a road is its original cost plus maintenance cost over a period of years. When this is taken into consideration it will be found that Kyrock is the cheapest material on the market today. Kyrock is non-skid, non-reflecting and resilent. It is laid cold.

Investigate Kyrock for the Streets and Roads of your own community.
